

VRCScore Disclaimer

VRCScore is a community-driven review and rating platform. Reviews, ratings, comments, profile pages, and other user-submitted materials are created by users, not by VRCScore, unless clearly stated otherwise.

VRCScore does not guarantee that any review, rating, score, comment, or profile information is accurate, complete, current, fair, or verified. A score or review on VRCScore should not be treated as a final judgment of any person, group, creator, performer, community member, or VRChat user.

VRCScore is not intended to be used for harassment, bullying, doxxing, stalking, threats, blackmail, retaliation, defamation, impersonation, sexual harassment, or coordinated abuse. Users are responsible for what they post. If you believe content violates these rules, infringes your rights, contains private information, or is being used maliciously, contact us at [\[contact email\]](#).

VRCScore may moderate, remove, restrict, edit visibility of, or decline to display content at its discretion, including content that appears abusive, false, misleading, spammy, malicious, illegal, sexually exploitative, threatening, private, or otherwise inappropriate.

To the fullest extent allowed by law, VRCScore is not responsible for user-generated content posted by third parties. Nothing on VRCScore should be interpreted as legal advice, safety advice, employment advice, professional advice, or an official statement from VRChat Inc.
